Introduction & Strategic Framing

Al Revolutionising Governance

Data-Driven Insights

Strategic Thinking

Innovation at Speed

Performance Alignment

Battle of Al Platforms

Oriving Creativity with Generative Al

Generative Al is a catalyst for creativity. By automating routine work, it frees up valuable time for strategic brainstorming and innovation. Boards must ensure that these freed-up resources are channelled into exploring new opportunities.

Al Personas to power your productivity

Assistant

Automates tedious tasks and streamlines your daily workflows

Creator

Generates initial ideas, and drafts to fuel creativity

Strategist

Provides targeted insights and recommendations to guide your decision making.

Al Personas for Enhanced - Decision Making

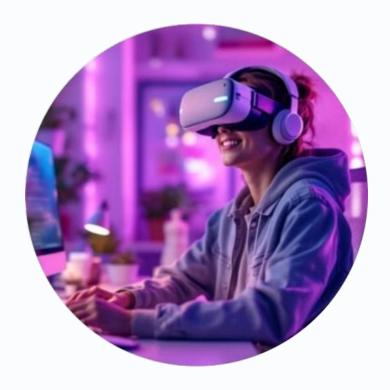

Skeptic

A risk-averse and cautious board member who questions every assumption and demands strong evidence for all claims.

Customer Advocate

Represents the voice of the customer, focusing on customer experience, satisfaction, and potential pain points.

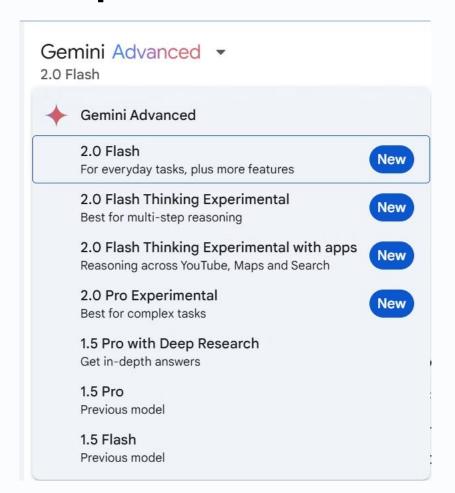

Future Visionary

Adopts a long-term perspective, considering the potential impact of emerging trends, technological advancements, and societal shifts.
